BERGANKDV NAMED TO AMERICA'S TOP RECOMMENDED TAX AND ACCOUNTING FIRMS BY FORBES

Forbes has partnered with market research company Statista to create a list of the most recommended firms for tax and accounting services in the U.S. BerganKDV is one of the 227 firms identified and one of 90 firms to be included [on both the tax and accounting lists](#).

The list of awarded companies is based on a survey among 1,800 tax and accounting professionals. Peers were asked to indicate up to 10 tax/accounting firms they would recommend, if their company were not able to take on a client for a certain assignment or question (regardless of the reason). Clients were asked to name up to 10 tax / accounting firms they would recommend based on their professional experience during the last three years. Statista then conducted an eligibility review and tallied the qualified responses to determine the final list of top tax and accounting firms in the U.S.

“It is wonderful to be recognized nationally for the tax and accounting services we provide to our clients,” said CEO Dave Hinnenkamp, “It is affirmation of what we know to be true – our team is committed to doing what it takes to provide wow experiences for our clients. They go beyond each and every day to find solutions to issues that our clients face as they navigate the ever-changing regulatory landscape to effectively operate their businesses. I am proud to lead such a great group of individuals.”

This is the first year Forbes has worked with Statista to formulate the list. They reached out to professionals working in tax and accounting firms as well as C-level executives and other referral sources such as tax attorneys and bankers with a personalized invitation to complete the survey.
