Groome Transportation Acquires MSP Shuttle Service

Executive Express continues to operate charter, package delivery and Iowa shuttle businesses

St. Cloud, MN - October 2019 - [Groome Transportation](#) and [Executive Express](#) are pleased to announce that effective October 1, 2019, Groome Transportation will provide Executive Express's Minnesota airport shuttle service. The service will be integrated with Groome's existing Minnesota airport shuttle service and will operate out of the first-class facility in Waite Park which was opened by Executive Express in 2018. Executive Express will continue to operate its charter, package delivery and Iowa shuttle businesses.

Travelers to and from the St. Cloud, Brainerd, Alexandria and Monticello areas will experience the same safe, convenient and reliable service for which both companies are known, along with upgrades to the fleet and website experience. With 18 roundtrips daily, Groome's airport shuttle service offers departure times accommodating any travel schedule. Groome Transportation is proud to serve the Minnesota communities by providing hassle-free travel to and from Minneapolis-St. Paul Airport and looks forward to building on the foundation of quality service established by Executive Express.

Executive Express customers with upcoming reservations will be contacted by a Groome representative to confirm travel dates, times and pickup locations.

Executive Express began service in Central Minnesota in 1979 and in Iowa in 2009. Executive Express continues to serve 25 Iowa communities with shuttle service to and from Des Moines International Airport and will continue to provide package delivery and private charter services in Central Minnesota.

Groome Transportation is a leading provider of transportation services throughout the U.S. In addition to St. Cloud and the surrounding communities, Groome Transportation also provides MSP airport shuttle service in Rochester, Duluth and Eau Claire. On a national level, Groome services 13 major hub airports and over 120 local cities, enabling travelers to conveniently and affordably connect their air travel to ground transportation. Family owned and operated since 1934, the company provides safe, reliable and comfortable transportation services to over 2 million passengers each year.
