Heartland Glass increases staff

Waite Park, Minn. – Heartland Glass Company recently added Ron Traut to its staff as a project manager. Traut grew up in the St. Cloud area and has 31 years of experience at GNP Co. (maker of Gold N’Plump and Just Bare chicken), acquired by Pilgrim’s Pride Corp. in 2016. In his most recent role, Traut was senior infrastructure manager, establishing, implementing and maintaining operating procedures involving production application systems.

In his new role he is managing the Bad Habit Brewing Company project in St. Joseph, the Minnesota Department of Transportation District 3 headquarters project in Baxter and Nystrom & Associates, Ltd. in Coon Rapids, among others. “I enjoy the variety each day brings, the team atmosphere and project as it progresses,” says Traut.

Founded in 1980, Heartland Glass is Central Minnesota’s largest custom shower door installer, specializing in low-rise curtain walls, storefronts, entrances and architectural windows. For more information, visit www.heartlandglass.com.
