The Vein Center Laser Treatment & MedSpa welcomes Avita Regan

Sartell, Minn. – Avita Regan, Licensed Esthetician and Laser Technician, joined the medical team at The Vein Center Laser Treatment & MedSpa. With 19 years of advanced skin care treatment experience, Avita holds licensure in Minn., Wis., and Colo. Her training and background under the supervision of a facial plastic surgeon has given her unique skills and experiences to provide optimal and safe treatments with little to no downtime.

“Avita’s experience and enthusiasm leads the way in our MedSpa,” says Mary Hondl, Practice Administrator. “We are glad to have her assist in our mission to provide positive, beautiful results.”

At The Vein Center Laser Treatment & MedSpa, Avita specializes in providing cutting edge Laser and Broad Band Light treatments such as Halo Pro™, ForeverYoung BBL™, and SkinTyte™ to address sun damage, wrinkles, redness, acne and unwanted hair. In addition, with a background as an educator for microdermabrasion and chemical peels, Avita provides safe and effective resurfacing treatments.

Offering safe, fast and effective procedures for the full spectrum of medical and cosmetic vein treatments, The Vein Center has provided customized and comprehensive vein care to Central Minnesota for more than 11 years. The medical spa, under the direction of Dr. Jennifer Harrington, Plastic Surgeon, helps clients achieve beautiful results by combining the latest in non-surgical laser and light-based rejuvenation, enhancing overall appearance and confidence with little to no downtime.
