

2018 Internship Business Partners

****NOTE: The high school summer internship program is NOT an internship at the Chamber of Commerce.*

The Chamber simply works as a coordinator, to connect students with local businesses. Students will be able to select from a list of partnering Chamber member businesses to complete their internship hours with.

A HUGE thank you to all the businesses and organizations that agreed to partner with us in 2018! Through your support, nine high school students received internship opportunities. We hope you enjoyed the process as much as we did and will consider hosting an intern again in 2019!
